FX DYNA GRAB RAIL KIT

GENERAL

Kit Number

97018-08

Models

For model fitment information, see the P&A Retail Catalog or the Parts and Accessories section of www.harley-davidson.com (English only).

⚠ WARNING

Rider and passenger safety depend upon the correct installation of this kit. Use the appropriate service manual procedures. If the procedure is not within your capabilities or you do not have the correct tools, have a Harley-Davidson dealer perform the installation. Improper installation of this kit could result in death or serious injury. (00333b)

Kit Contents

See Figure 1 and Table 1.

INSTALLATION

1. Remove the seat using the owner's manual instructions.
2. See Figure 1 and Table 1. Remove spacer foam (6) adhesive cover and attach the foam to the underside of the grab rail (1) along the outside edges.
3. Line up the holes in the protective tape (7) with the mounting holes in the fender and attach the tape to the fender.
4. Attach the seat retention nut (9) with the retention washer (10).
5. Position the grab rail over the mounting holes and use washer (2) and button head cap screw (3) and attach to the seat retention nut.
6. From the underside of the fender, place a button head cap screw (8) and washer (5) through the fender and grab rail and attach with a washer (5) and lock nut (4).
7. Tighten fasteners in Steps 5 and 6 to 6.8–10.8 N·m (5–8 ft-lbs).

⚠ WARNING

After installing seat, pull upward on seat to be sure it is locked in position. While riding, a loose seat can shift causing loss of control, which could result in death or serious injury. (00070b)

8. Install the seat.

SERVICE PARTS

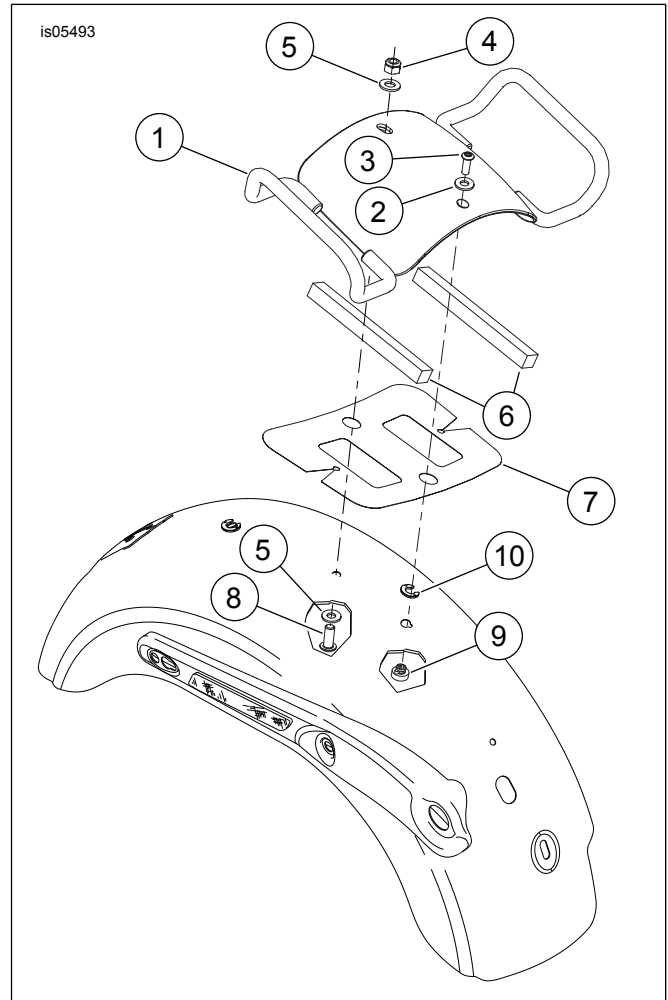

Figure 1. Service Parts: Passenger Grab Rail

Table 1. Service Parts Table

Item	Description (Quantity)	Part Number
1	Grab rail	Not Sold Separately
