BOOM! AUDIO MUSIC TANK POUCH

GENERAL

Part Number

76000193

Models

All Harley-Davidson[®] motorcycles with a metal fuel tank.

NOTE

- *Some local governments prohibit or restrict the use of headset (helmet-mounted) speakers and headphones. Check with local authorities and obey all applicable laws and regulations.*
- *Pouch magnets can damage magnetically stored information. Do not use the tank pouch with storage devices that use magnetic media, such as hard drive type media players*

INSTALLATION

NOTE

Always clean fuel tank before using the Audio Tank Pouch, to prevent trapped dirt from scuffing or scratching paint.

1. Completely unzip both zippers to fully open the pouch.
2. Place the media player face-up into the pouch.
3. Connect the headphone or speaker connector.
4. Zip up the audio pouch so that the connector wire is between the zipper pulls.
5. Place the pouch on top of the fuel tank and verify that the magnets hold the pouch firmly in place.

⚠ WARNING

Set volume levels and other controls on audio and electronic devices before riding. Distractions can lead to loss of control, resulting in death or serious injury. (00088b)
