90200721 - Shrink sacks - large

Kit Contents

This kit contains three shrink sacks.

⚠ WARNING

To avoid danger of suffocation, keep this plastic bag away from babies and children. (00624b)

OPERATION

NOTE

- Do not add more than 2.3 kg (5 lb) to shrink sack.
- Remove excess water from wet items before placing in sack.

1. See Figure 1. Move slider (3) to one end of zipper (4) before opening sack.
2. Pull sack apart from center of zipper.
3. Place items in sack.
4. Move slider to one end of zipper and back again.
5. Remove air from sack.
 - a. Starting at zipper, roll up sack towards the handle (2).
 - b. Compress contents while expelling air in sack through the valve (1).
 - c. Roll up until all air is expelled.

NOTE

Label area (5) can be used to identify contents.

6. To open, pull apart from center of zipper.
