FRONT BRAKE ROTOR (DISC) KIT

GENERAL

Kit Number

41500012A

Models

For model fitment information, see the P&A Retail Catalog or the Parts and Accessories section of www.harley-davidson.com (English only).

⚠ WARNING

Rider and passenger safety depend upon the correct installation of this kit. Use the appropriate service manual procedures. If the procedure is not within your capabilities or you do not have the correct tools, have a Harley-Davidson dealer perform the installation. Improper installation of this kit could result in death or serious injury. (00333b)

NOTE

This instruction sheet references service manual information. A service manual for your model motorcycle is required for this installation and is available from a Harley-Davidson Dealer.

Kit Contents

Table 1. Kit Contents

Description (Quantity)	Part Number
Front brake rotor (disc)	Not Sold Separately
Chrome shoulder bolt kit	91800029

INSTALLATION

1. Refer to the service manual for brake disc removal and disassembly procedures.

NOTICE

Do not re-use brake disc/rotor screws. Re-using these screws can result in torque loss and damage to brake components. (00319c)

2. Assemble and install the new brake disc following the instructions in the service manual. Install the brake disc using **ONLY** the new screws per instructions provided with the hardware kit.

NOTE

Avoid hard stops for the first 300 miles. Hard stops during wear-in period will gall brake discs.
