GENERAL

Models

For model fitment information, see the Parts and Accessories (P&A) Retail Catalog or the Parts and Accessories section of www.harley-davidson.com.

Verify that the most current version of the instruction sheet is used. It is available at: h-d.com/isheets

Contact Harley-Davidson Customer Support Center at 1-800-258-2464 (U.S. only) or 1-414-343-4056.

⚠ WARNING

See the Accessories and Cargo section in your owner's manual. Improper cargo loading or accessory installation can cause component failure and adversely affect stability, handling and performance, which could result in death or serious injury. (00021b)

- Do not exceed 22 lbs (10 kg) total weight contents and attachments per bag.
- Periodically recheck load.

⚠ WARNING

Do not exceed the motorcycle's Gross Vehicle Weight Rating (GVWR) or Gross Axle Weight Rating (GAWR). Exceeding these weight ratings can lead to component failure and adversely affect stability, handling and performance, which could result in death or serious injury. (00016f)

Installation Requirements

Separate purchase of Mounting kit (Part No. 53000800).

⚠ WARNING

Rider and passenger safety depend upon the correct installation of this kit. If the procedure is not within your capabilities or you do not have the correct tools, have a Harley-Davidson dealer perform the installation. Improper installation of this kit could result in death or serious injury. (00308b)

INSTALL

Setting Key Lock

1. See Figure 2. Open top case and locate lockset.
 - a. Pull on red tab (1) to release handle (2).
 - b. Pull lever (3) beneath handle to open lid.

2. See Figure 3. On Original Equipment (OE) vehicle key, determine cut depth at each key station.

NOTE

Key stations 1 and 2 are unused for top case locks.

3. Write values into Table 3.

4. Refer to Table 3. Write key depth codes from Figure 3 based on cut depths measured.

NOTE

Cut depth codes to be second digit of tumble numbers.

- a. **Stations 7,6,3:** These stations use tumbler #11-14.
- b. **Stations 8,5,4:** These stations use tumbler #21-24.

5. See Figure 4. Install tumbler springs (5), see Figure 1, into holes at stations 3,6 and 7 on side (A) of cylinder sub-assembly.
6. See Figure 4. Install tumblers (6), see Figure 1, #11-14 in stations 3,6 and 7 per tumble numbers determined in Table 3.

NOTE

Place a piece of tape or hold installed tumbler springs and tumblers with a finger to hold spring and tumblers in place before installation of springs and tumbler on opposite side of cylinder sub-assembly.

7. See Figure 4. Install tumbler springs (5), see Figure 1, into holes at stations 4,5 and 8 on side (B) of cylinder sub-assembly.
8. See Figure 4. Install tumblers (6), see Figure 1, #21-24 in stations 4,5 and 8 per tumble numbers determined in Table 3.
9. See Figure 5. While holding tumblers fully in place, install key in assembled cylinder sub-assembly.
10. Verify that all tumblers are assembled correctly.

NOTE

When key is fully inserted, all tumblers should be flush with outer diameter of cylinder. Note tumblers that are not flush. If tumbler is high on the spring side, replace with next higher number tumbler. If tumbler is high on the opposite side, replace with next lower number tumbler.

11. Apply an even layer of grease around outer diameter of tumbler area.

Table 3. Key Lock Instructions

Station	Side	Measured Depth	Depth Code	Tumbler No.
3	A			1
4	B			2
5	B			2
6	A			1
7	A			1
8	B			2

Figure 2. Open Top Case

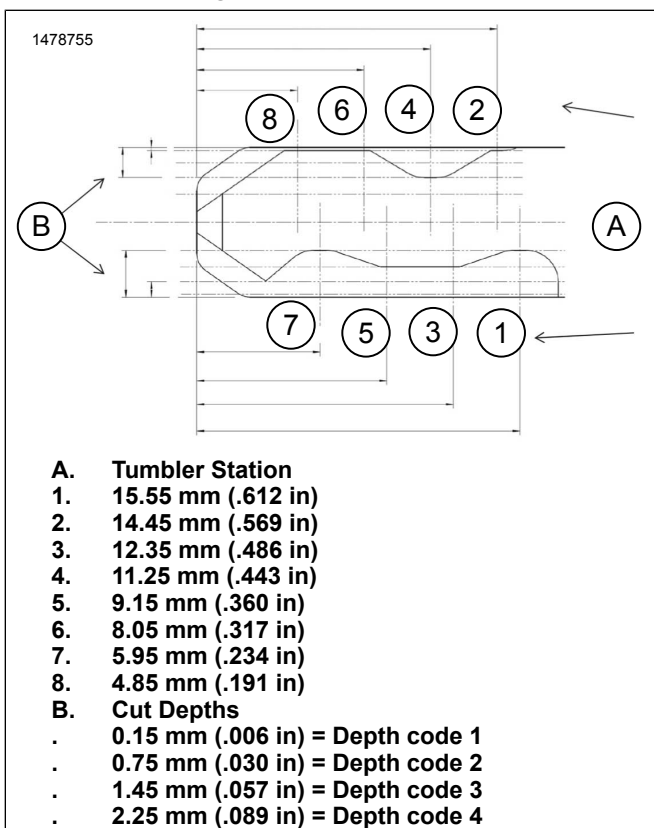

Figure 3. Key Code Diagram

Figure 4. Spring and Tumbler Install Locations (Typical)

Figure 5. Assembled Lockset

Install Lock and Top Case

- See Figure 8. Position rotor, set to release position.
 - See Figure 6. Pull release lever to access rotor (1).
 - See Figure 7. Position rotor (1) by hand.
- See Figure 9. Install housing (2) and locking spring (3) on lock cylinder (1).
 - See Figure 7. Align three slots (2) on housing to three teeth (3) on release lever.
- See Figure 8. Install lockset.
 - Align retention tumbler slot (1) to release position (2).
 - Square boss on lockset must mate with square opening on rotor (3).
 - Hold in place by hand.
- See Figure 9. Install washer (4), lockwasher (6) and screw (5). Hand tighten.
- Check rotation and functionality of lock cylinder.
- See Figure 10. Install cover (2) and screw (1). Hand tighten.
- See Figure 12. Remove red tab (1).
- See Figure 11. Once lockset is installed, key can be removed in position 1 or 2.

Figure 7. Housing

Figure 10. Inside Cover Install

Figure 8. Release Tumbler - Release Position

Figure 9. Install Lockset to Top Case

Figure 11. Lock Positions (typical)

Figure 12. Top case Handle

Install Top Case

1. See Figure 13. Install mounting kit to mounting bracket.
 - a. Install latch (3) with three screws (2) to front of mounting bracket (1). Tighten.
Torque: 5.4–6.6 N·m (48–58 in-lbs)
 - b. Install hook (4) with screws (5) to rear of mounting bracket (1). Tighten.
Torque: 5.4–6.6 N·m (48–58 in-lbs)
2. Center top case on mounting bracket.
3. See Figure 13 and Figure 14. Slide top case to front latch (3), rock down until it clicks into rear hook (4) .

Figure 13. Mount Kit (53000812)

Figure 14. Top case Installation

LOCK POSITIONS

1. **Close Position:** case is locked.
2. **Open Position:** case is unlocked.
 - a. Open case: push down on lock cylinder.
 - b. Main handle will pop up.
 - c. Pull lever beneath handle to open lid.
3. **Release Position:** unlocks release lever.

4. Release case from vehicle.
 - a. Turn key to release position.
 - b. Push down on lock cylinder.
 - c. Main handle will pop up.
 - d. Pull release lever, lift case and remove from vehicle.

NOTE

Before riding make sure case is fully engaged to mounting plate and handle is closed, flush with case.

Supplemental Procedure Video

⚠ WARNING

Always review the appropriate service procedure prior to performing it. This video is intended to supplement, not replace, documented service procedures. Attempting service procedures without the proper training, tools, equipment, and manuals could result in death or injury to you or others. This could also damage the motorcycle or cause the motorcycle to operate improperly. (10406a)

Pan America Sport Luggage Lock Install.mp4

This video is a supplement of the procedure covered in the document. This video can only be viewed through Service Information Portal (SIP).
