FAIRING SPEAKER HARNESS INSTALL KIT (PN 76000992)

GENERAL

NOTE

The newly installed audio system and speakers will not play audio unless it is configured using the Harley-Davidson audio app or by an authorized Harley-Davidson dealership.

Table 1.

Harley-Davidson Audio Powered by Rockford Fosgate®		
Kit	QR Code	
76000992	N/A	

NOTE

The various generations of speakers, amplifiers and wiring for Harley-Davidson vehicles were not designed or tested to work together. Please consult your dealership to ensure optimal performance and compatibility.

Models

For model fitment information, see the P&A retail catalog or the Parts and Accessories section of www.harley-davidson.com (English only).

Ensure you are using the most current version of the instruction sheet which is available at: h-d.com/isheets

Contact Harley-Davidson Customer Support Center at 1-800-258-2464 (U.S. only) or 1-414-343-4056.

Installation Requirements

Download Harley-Davidson audio app.

This harness is for use ONLY on **2014 and later** Harley-Davidson audio systems.

These items are available at your Harley-Davidson dealership.

- 2014 and Later Touring: Separate purchase of Harley-Davidson Primary Amplifier and Dongle Kit (Part No. 76000997) is required for this installation.
- 2014 and Later Touring: Separate purchase of Harley-Davidson Primary Amplifier Installation Kit (Part No. 76000974 or 76001045) is required for this installation.
- 2014 and Later Touring: Separate purchase of Harley-Davidson Stage 1 or 2 Speaker Kit (Part No. 76000980, 76000981, 76000982 or 76000983) is be required for this installation.

A WARNING

Rider and passenger safety depend upon the correct installation of this kit. Use the appropriate service manual procedures. If the procedure is not within your capabilities or you do not have the correct tools, have a Harley-Davidson dealer perform the installation. Improper installation of this kit could result in death or serious injury. (00333b)

Installation by a technician at a Harley-Davidson dealership is recommended.

Kit Contents

See Figure 9 and Table 2.

PREPARE

A WARNING

To prevent accidental vehicle start-up, which could cause death or serious injury, remove main fuse before proceeding. (00251b)

NOTE

This instruction sheet references service manual information. A service manual for this year/model motorcycle is required for this installation. One is available from a Harley-Davidson dealer.

- 1. Remove left and right saddlebags (excludes Tri-Glide).
- 2. Remove left and right side covers.
- 3. Remove main fuse.

NOTE

Models with security: Disable security system.

- Remove seat.
- Remove fuel tank.
- 6. Remove wire trough cover.
- Remove windshield.
- 8. Remove outer fairing.

INSTALL

NOTE

Figure 1 displays the faring speaker harness on a fork mounted vehicle. Installation is the similar in Figure 2 for vehicles with a frame mounted fairing.

- 1. See Figure 1. Connect fairing speaker harness.
 - Connect connectors (1 and 2). a.
 - Disconnect connectors (3, 4). b.
 - Connect connectors (5 and 3). C.
 - Connect connectors (6 and 4). d.
 - Repeat procedure for opposite side. e.

2. NOTE

Make sure wire harness length is sufficient so as not to limit steering movement. Bundle, secure and cable strap any excess harness.

Secure harness with cable straps as needed.

- Route harness through backbone wire trough. 3.
- Route [349A] toward right side cover and primary amplifier external harness.
- Connect [349A] to [349B] of the primary amplifier external harness.

- [34A] Amplifier output 6.
- 7. [35A] Left speaker input (not shown)
- [35B] Left speaker output (not shown) 8.
- [35B] Amplifier input (not shown)
- [35A] Amplifier output (not shown)

COMPLETE

NOTE

To prevent possible damage to the sound system, verify that the ignition is OFF before installing the main fuse.

- 1. Install main fuse.
- 2. NOTE

Before installing outer fairing, check that speakers are operating correctly. Understand that buzzing, squeaks and rattles may be heard until outer fairing is installed.

Turn ignition ON, but do not start the vehicle.

- Make sure that all speakers are working and front/rear fader function is operating correctly. If not, check speaker wiring.
- Install outer fairing.
- Install windshield.
- Install wire trough cover.
- Install fuel tank.

- 8. Install seat.
- Install left and right side covers.
- 10. Install left and right saddlebags (excludes Tri-Glide).

APP SETUP

- 1. See Figure 4. Accessing your audio system.
 - Pair device (1) to system. a.
 - b. Access app menus (2) to setup vehicle sound system.
