1	Seat, Billet Metallic	Not sold separately
2	Grab strap	51950-01Y
3	Bolt, 5/16-1.00 flange head	4206

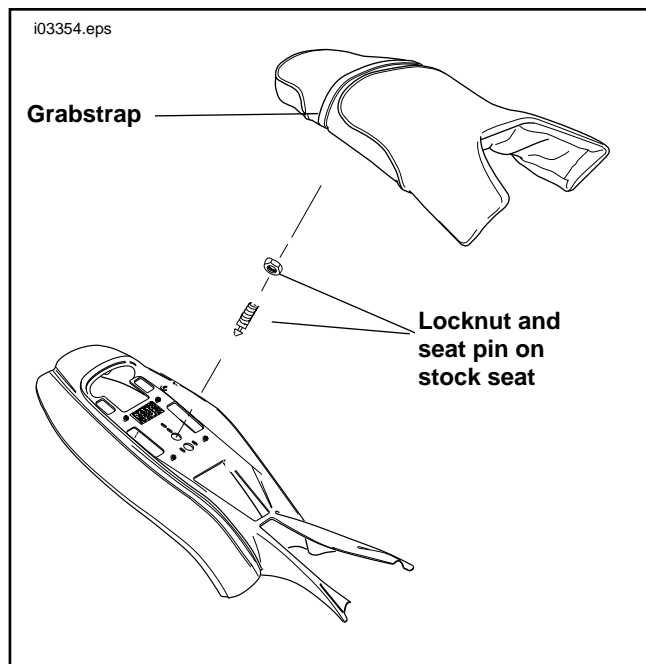

Figure 1. Seat

#### NOTE

Items 2 and 3 are already installed on seat.

#### NOTE

A Service Manual for your vehicle is available from your Buell Dealer.

### Installation

1. Refer to the applicable Service Manual for instructions on removing seat from vehicle.
2. Remove lock nut and seat pin from stock seat.
3. Install pin and lock nut on new seat. Run lock nut down as far as possible on pin. Finger tighten lock nut.
4. Install seat on vehicle. If seat does not latch firmly, remove seat and adjust pin into the seat. If seat does not latch at all, then adjust pin out from seat.
5. Once the fitment is correct, tighten lock nut against seat pan to secure pin.
6. Install seat and verify that seat is firmly locked in place. Lock rear of seat with key.

#### WARNING

After installing seat, pull upward on front of seat to be sure it is locked in position. If seat is loose, it could shift position during vehicle operation, causing loss of control of vehicle and death or serious injury.
