**NOTES:**

- 1 Application of Urethane Activator 8oz PN 99825-02 RECOMMENDED
- 2 REQUIRES separate purchase of Urethane Activator 8oz PN 99825-02
- 3 Application of Denim Clear 98628CLR recommended
- 4 DO NOT USE CLEAR COAT FOR THIS COLOR
- 5 Application of Satin Clear 98628DYH required
- 6 May require several clear coat application to achieve desired effect

It is recommended the base coat be catalyzed and dried for at least 24 hours before applying the clear coat, otherwise uneven color distribution may result

**Unless otherwise specified, all colors require the following 4-step process:**

1. PRIME COAT - Even if parts have been primed from H-D it is still necessary to apply Primer 98628G (quart) or 98606A (aerosol) prior to applying base/top coats.
2. BASE COAT (if required)
3. TOP COAT
4. CLEAR COAT 98628EK (quart) or 98606EK (aerosol)

**SEE COMMONLY USED AIR-DRY PAINT SECTION FOR MORE APPLICATIONS**

**NOTES:**

- <sup>1</sup> Application of Urethane Activator 8oz PN 99825-02 RECOMMENDED
- <sup>2</sup> REQUIRES separate purchase of Urethane Activator 8oz PN 99825-02
- <sup>3</sup> Application of Denim Clear 98628CLR recommended
- <sup>4</sup> DO NOT USE CLEAR COAT FOR THIS COLOR

It is recommended the base coat be catalyzed and dried for at least 24 hours before applying the clear coat, otherwise uneven color distribution may result

**Unless otherwise specified, all colors require the following 4-step process:**

1. PRIME COAT - Even if parts have been primed from H-D it is still necessary to apply Primer 98628G (quart) or 98606A (aerosol) prior to applying base/top coats. This is required to maintain accurate matching of final color.
2. BASE COAT (if required)
3. TOP COAT
4. CLEAR COAT 98628EK (quart) or 98606EK (aerosol)

**NOTES:**

- \* Requires application of 98609CLR Denim Clear
- \*\* Requires separate purchase of Urethane Activator 8 oz. PN 99825-02

Note: Unless otherwise specified, all colors require the following four step process:

1. Even if parts have been primed from H-D it is still necessary to apply Primer 98603A (quart) or 98606A (aerosol) prior to applying base/top coats. This is required to maintain accurate matching of final color.
2. BASE COAT (if required) 3. TOP COAT 4. CLEAR COAT 98609EK (quart) or 98606EK (aerosol)
